

Hosted Foreign Buyer Program - Procedure and deliverables.

Towards our endeavor to add value to Technotex 2019 and benefit the technical textiles industry, a Reverse Buyer Seller Meet (RBSM) will be organized to mobilize foreign buyers - organizations that are already importing technical textiles and machinery from India or looking to India as a sourcing hub for their material requirement. It would be an excellent opportunity for buyers to have B2B meetings and establish linkages with the international as well as Indian companies for their current and future core business requirements.

We solicit your kind support in recommending 10-15 buyers comprising of Agents, Consultants, Trading or Marketing organizations, Institutional Users, Direct Importers or Technology providers of technical textiles - Geo Textiles, Protective Textiles, Agro Textiles, Sport Textiles, Industrial Textiles, Eco Textiles, Mobil Textiles, Medical Textiles, Clothing Textiles, Construction Textiles, Home Textiles and Packaging Textiles from your host country to enable us invite them as Hosted Foreign Buyers.
